

Annual Report Fiscal Year 2010

is dedicated to

**Carl W. Eaton, Jr.**

Carl, his wife and family moved to Templeton in 1958. He and his wife spent many years fundraising for the Narragansett band when their children were at Narragansett. Carl had a passion for local sports and followed Narragansett's basketball and baseball teams long after his children had graduated from 'Gansett.

Carl Eaton served as a member of the Cable Advisory Committee in Templeton for 4 years. He served behind the camera at Board of Selectmen's meetings and Town meetings. This service fit well with his passion for photography. Whether he was using his old *Super 8* movie camera or school equipment, he was proud to take home movies of the kids or official movies for the coaches of the local football team.

One of Carl's final contributions to Templeton was his valid input in preparing the Templeton Common Historic Preservation Plan.

Carl had a positive outlook, sense of humor, and unflappable optimism: A trait he passed along to his four children and four grandchildren.
